PCM Bibliography

The following bibliography is the result of a desktop research and sharing of partners methodological references.

We suggest to start from the European Commission guidelines, which are the reference standard for what concern the project management under the Eu program.

Where possible, there is the link to an authorised web reference.

It is structured in alphabetical order as follow:

→ general references and main guidelines: EU Commission

→ publications in English

→ articles in English

→ publications, articles and link in partners national languages: **Italian, French, Polish, Greek, Cyprus**

→ General references and main guidelines: EU commission
